The 2018 Falcon Golf Course membership program will run February 1, 2018 to January 31, 2019.

Both programs also allow you to utilize the Roxy Movie Theater (free admission movies) and C Side Recreation Center (including the Snack Shack, C Side Lanes, and CrossSwings - golf simulator). Your utilization of these facilities is essential to the health of the BCC MWR program which provides vital non-pay compensation programs and activities for military members and their dependents.

Base Access: BCC MWR does not control gate access to the Joint Base Cape Cod. If base access is denied due to a heightened security threat level, MWR will not be required to provide refund of your fees.

In order to gain access to the base for the upcoming year, members will be required to pass a background check. Once your application is received and the background check is completed, we will work with you to schedule an appointment to receive your base access pass.

Access to BCC MWR facilities is good for one year, at which time we must re-certify the program with the command.
